

Ikuro Maruyama, MD & PhD

Project Professor, Department of Systems Biology in Thromboregulation,
Kagoshima University Graduate School of Medical and Dental Sciences,
8-35-1, Sakuragaoka, Kagoshima 890-8544

Visiting Professor

1999-2001 Toyama Medical and Pharmaceutical University

Present St. Marianna University. School of Medicine

Juntendo University School of Medicine

Tokyo Medical University

Osaka Institute of Technology

Awards

- Medical Research Encouragement Prize of The Japan Medical Association,
- Baeltz Award,
- Commendation for Science and Technology by the Minister of Education, Culture, Sports, Science and Technology
- Bergmeyer-Kawai Award

2010-present Project Professor, Department of Systems Biology in
Thromboregulation , Kagoshima University Graduate School of
Medical and Dental Sciences

2004-2008 Associate Dean of Kagoshima University Graduate School of Medical
and Dental Science

2000-2003 Vice-director of Kagoshima University Hospital

1992-2010 Professor, Department of Laboratory and Vascular Medicine,
Kagoshima University School of Medicine,
Director of Laboratory Medicine

1988-1992 Associate Professor, Third Department of Internal Medicine, Kagoshima
University School of Medicine

1982-1985 Visiting Scientist, Division of Hematology/Oncology, Washington
University School of Medicine, St Louis, USA

1972 Graduated from Kagoshima University School of Medicine,
Kagoshima, Japan

1944 Born in Miyazaki Prefecture, Japan

Special fields

Thromboregulation and Systems Biology

Pathophysiology of Thrombosis

Vascular Biology

Main Research Achievement

Purification and characterization of human thrombomodulin

Cloning of human thrombomodulin cDNA

Innovative drug development of recombinant human thrombomodulin
